THE MAGIC LETTER.

There was a little maiden once,
In fairy days gone by,
Whose every thought and every word
Always began with "I."
"I think," "I know," "I wish," "I say,"
"I like," "I want," "I will,"
From morn to night, from day to day,
"I" was her burden still.

Her schoolmates would not play with her,
They thought poor "I" away,
And when she tried to join again
Through many an anxious day,
"Help me, O fairies!" she besought,
"Do save me from this dreadful doom,
Or I shall soon be dead!"

At first she heard and heeded, too,
Then caught poor "I" away,
And nursed him into health again
Through many an anxious day,
And in his place they softly slipped
The words "You" and "We" and "They,"
"The more she uses them," they said,
"With graceful smiles," "the better!"

The little maiden wept and eulied
That caught poor "I" away,
But she grew tired of being dumb,
And she grew tired of being dumb,
She used the substitute; and lo!
Her playmates crowded round,
Her parents smiled, and she was
Pleased to hear this novel sound.

She grew to use it steadily,
And liked it more and more,
It came to fill a larger place
Than "I" had done before,
And each year found the little maid
Growing kinder and more true,
What was the magic letter's name?
Why, can't you guess? 'Twas "U!"

THE DELICIOUS HOME OF MRS. LUCY LOWRY.

The delightful home of Mrs. Lucy Lowry on Plum street was the scene of a very pretty wedding yesterday afternoon promptly at 2 o'clock, when her second daughter, Miss Lida Meyer, became the wife of Mr. Thomas Goin Kincaid.

The wedding is the culmination of a courtship lasting three years, when the groom was an employee of the L. and N. system at this place.

He is now in the employ of that Company at Bowling Green, and is a young fellow of sterling worth.

The parlors of the home, which had been most artistically decorated, were comfortably filled with the families and friends of the contracting parties.

At the appointed hour, to the strains of music from violin and piano by Prof. Bulliet and Miss Henry, the bride, on the arm of her brother-in-law, Mr. Lee Hauke, entered from the rear parlor, while the groom and his best man, Mr. Joseph Luber, of Bowling Green, entered the front parlor, and meeting in the presence of the Right Reverend Bishop of Lexington, L. W. Burton, D.D., the Divine, according to the Episcopal rite, said the office of the marriage ceremony. "Always" was played while the words "were being spoken."

Immediately upon the Benediction congratulations and good wishes followed, and after refreshments Mr. and Mrs. Kincaid donned traveling costumes and were driven to the C. and O. Station. After a bridal trip they will go to housekeeping in Bowling Green.

The bride's dress was a beautiful white organza with a shirred bodice, ribbon and Meckland lace insertion, demi-train, while the satin stock was caught at the side by an elegant diamond and pearl brooch pin, the gift of her relatives, Colonel and Mrs. S. N. Meyer. She carried a shower bouquet of Jiride flowers.

Numerous presents attest the esteem and remembrance of friends, and Mrs. Lowry joins in wishing them all happiness.

A CORRECTION.

Editor Public Ledger: Please correct a mistake copied from the Portsmouth Times regarding Charles Deatley, who was taken to the Portsmouth Jail Sunday. He has a home in Maysville, Mo. (4th Street). He has been in Portsmouth two years at work in the Herr Shoe Factory. We got a letter to-day from his physician stating that he digests his food, has a good appetite, and is not dangerous. His parents are anxious for him to release him and let him come home. He had an attack of malaria, but was better than found on the street on Saturday.

H. M. DEATLEY AND FAMILY.

You may as well expect to run a steam engine without water as to find an energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food, or feels languid after eating, when his bowels are constipated and sometimes distended. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, and his vitality, improve his digestion, and make him feel like a new man. Price, 25 cents. Sample free at J. Jas. Wood & Son's drug store.

The Lizzie Ray will be down tonight from Pomeroy.

The Keystone State passed down last night for Cincinnati.

The Henry M. Stanley will pass up tonight for Charleston.

The river is lower now at Pittsburgh than it has been this year.

The towboat J. O. Cole sank and was raised at Catlettsburg Tuesday.

The towboat George Shiras will receive a new hull at Parkersburg.

The Argand has been chartered by the White Collar Line to take the place of the sunken Dick Brown.

Six towboats put the largest cargo of lumber into Cincinnati Tuesday that had ever before been taken into that city in the same space of time.

Captain William Lutz died Tuesday at Evansville, Ind., aged 56 years. He was an Ohio river Pilot for years, and later was a Captain on several large steamers.

Regardless of hundreds and hundreds of rats that have passed out of the Big Sandy river since Tuesday last week the banks are still lined, and one can walk almost to Louisa on the rats. Up to Thursday evening 1,000 rats had passed through the Louisa lock on this side.

The Adelle, assisted by the E. R. Andrews, left Louisville Tuesday with a tow of coal amounting to 300,000 bushels, which she will take to New Orleans, and will return to Kanawha for a similar tow. It is the first of a number of shipments of Kanawha coal to New Orleans, which will be sold in opposition to the Combine coal by a company already organized to handle the Kanawha product.

The Monongahela River Coal and Coke Company has everything in readiness for a rise, hence the shipments made on the last rise were made quickly and in good order. Many of the towboats were hitched to their tows and all that had to be done was to raise steam. The Company has improved the system of getting the coal out from Pittsburgh in many important respects, thereby saving a great deal of time and expense.

The Chinese Minister Reports That All the Foreign Ministers Left Peking Under a Clouded Prospect.

Che-Foo, June 28, via Shanghai, noon.—Adm. Seymour's expedition has been relieved, having failed to connect with Peking. There is no news from Peking. Russian Col. Schellie commanding the combined forces of 10,000 men, is supposed to be proceeding to Peking. Adm. Seymour's expedition is returning to Tien-Tsin. His force has suffered greatly.

It is estimated that from 40,000 to 60,000 Chinese troops are now before Peking. Bombers from all sections are swarming there.

London, June 28.—The composite brigade of 2,500 men who raised the investment of Tien-Tsin and pushed on to help Adm. Seymour has probably saved Che-Foo, the nearest water port. The last steamer arriving at Che-Foo from Tien-Tsin, Monday, June 25.

The Russian general in command of the relief force had decided in view of Saturday's heavy fighting and marching, that one day's rest for the troops was essential and that the advance should not be resumed until the next day. Meanwhile came Adm. Seymour's helicopter that his position was desperate and that he could only hold out two days. The relief started at dawn today.

Saturday's fighting began at dawn. The allied forces opened with several of the Terrible's 4.7 naval guns, six field guns and numerous machine guns, the firing being at long ranges. They continued to advance steadily, the Chinese artillery replying. The guns of the allies were more skillfully handled and put the guns of the Chinese at a disadvantage. The Chinese retreated about noon.

There has been no rivalry among the representatives of the various nations as to which would enter Tien-Tsin first, and the Americans and British went in neck and neck. The Russians stormed the breach, thereby sustaining the largest loss. Several thousand Japanese have left Tien-Tsin, and altogether 12,000 Japanese troops have been sent to the American and British forces ordered to go, probably 60,000 men will be available in a month.

ANXIETY PARTLY RELIEVED.

The Chinese Minister Officially Reports the Departure of the Ministers From Peking.

Washington, June 28.—The Chinese minister's report of the departure of the foreign ministers and their families from Peking greatly relieved the officials here, who took it as the first tangible evidence that the imperial Chinese government had a full realization of the enormity of permitting the ministers to come to personal harm and were now determined to far as lay in their power, to observe the amenities of international exchange.

The keenest interest is shown by the officials to learn the conditions under which the ministers left Peking. Minister Wu's departure was obviously silent on the subject, and though the minister himself maintains almost absolutely his confidence in the non-existence of a state of siege, it is admitted that it will be difficult to accept his conclusion if it shall transpire that the Peking government itself has sent the ministers away with their passports, or, what may come to the same thing, with a guard as safety conduct.

Sent Away for Safety.

Paris, June 28.—French Minister of Marine M. de Lanesan has received a telegram from Capt. Dorgere, director of the French arsenal at Foo Chow, saying that he has sent to Hong-Kong all the women and children connected with the French mission at the arsenal.

Perry's Health Will Not Resist.

New York, June 28.—Fletcher Heath, president of the Seventh National bank and brother of First Assistant Postmaster General Perry S. Heath, denied the report that the latter had any intention of resigning his position in Washington. "My brother was in New York Monday," said Fletcher Heath, "and talked freely about his official affairs, and he initiated nothing that would warrant the publication of the story that he is at variance with the administration."

Freight Agent Dead.

Chillicothe, O., June 28.—Edward P. Ruhrah, a traveling agent of the R. & O. V., died here from the effects of an operation performed for gravel. He was 40 years old.

Several of the Northwestern States Visited By Destructive Tornadoes.

THE WORST ONE WAS IN WISCONSIN

Northeastern Nebraska Was Also Visited and in Iowa a Loss of Life is Reported.

A Storm Swept Over Connecticut, Doing Considerable Damage to Property—No Killed and Railway Station Burned.

Black River Falls, Wis., June 28.—A terrific storm passed over this place. Shade trees, telephone and electric poles and wires are tangled in an intricate mass and fill the streets. The bell of the Universalist church was blown from the roof and demolished. Outbuildings and barns have suffered severely. A thousand shade trees were broken off or uprooted. D. J. Spaulding's brick warehouse and roof cellar were demolished.

Three young men cleaning brick at the old iron furnace took shelter behind a brick wall which blew over on them. They are badly hurt and may die. Their names are Conrad Olsen, Edward Linnell and Herbert Adams.

The damage to growing crops is very severe, and reports from the line of the Green Bay railroad indicate that the storm was much more severe there. A thousand shade trees of the storm was the severe lightning.

Northeastern Nebraska Visited.

Lincoln, Neb., June 28.—A squall from Bancroft, Homer and Norfolk tell of a disastrous wind storm which swept over Northeastern Nebraska. A number of houses were blown away, flat upon the ground and corn was damaged. Many trees and small houses were blown down. The wing fence across a corner of the Winnebago Indian reservation with the fury of a tornado, and here the greatest damage was done. Several buildings at the agency were blown away. There is no known loss of life or severe injuries.

Six Children Injured By Lightning.

Whiting, Ia., June 28.—During a severe storm six children were injured, one perhaps fatally. Lightning struck the house of Mr. J. H. B. and the children were killed. The building collapsed, but did not take fire. The six children, who were in the lower rooms, were stunned and some of them were buried in the debris. Vera Queen, aged 15, was still alive when the lightning struck the house, but she did not survive her injuries. The others were painfully but not seriously hurt.

STORM IN THE EAST.

Considerable Damage Done In Different Sections of the State of Connecticut.

New Haven, Ct., June 28.—According to reports received here from different sections of the state, the thunder storm Tuesday afternoon was exceedingly severe. Francis F. Wall, 15 years of age, was struck by lightning and killed after he had taken refuge under the grand stand at the driving park in Hartford.

The railroad station of the New York, New Haven & Hartford Railroad Co. at Berlin, Ct., was struck by lightning and destroyed by fire. Loss, \$10,000.

PROHIBITION CONVENTION.

The Party Will Make Its National Campaign Upon the Liquor Issue Alone.

Chicago, June 28.—The prohibition party will make its national campaign this year upon a platform of a single issue, the liquor question, all other issues being subordinated to this one question. Upon this platform it is probable that either Rev. S. C. Swallow, the "fighting parson," of Harrisburg, Pa., or John G. Woolley, of Chicago, editor of the New Voice, the prohibition national organ, will be nominated for president.

The national convention of the prohibition party met here and in three sessions—morning, afternoon and evening—elected all its business except the nominations for president and vice president. The convention in view of numbers and in enthusiasm for the liquor issue, was the largest ever held by the advocates of cold water. Thirty-seven states of the union were represented. When Chairman Oliver Johnson, of the national committee, called the convention to order at the first regiment armory, nearly 700 delegates being present.

Forest Fires in Minnesota.

Atkins, Minn., June 28.—A heavy forest fire is now burning two or three miles west of here. No rain has fallen in this section for over two weeks, and the woods are as dry as tinder. Many settlers live in the path of the flames, and heavy property losses are certain to result. A strong wind is driving the flames.

Status of Raphael Semmes Unveiled.

Mobile, Ala., June 28.—The status, life size, of Raphael Semmes, late admiral in the confederate navy, was unveiled in Duncan Place by Mrs. Eliza Semmes Colston, daughter of the admiral. The address was by Wm. J. Sanford, nominee for governor of the state.

Gen. Rundle Had a Sharp Artillery and Rifle Skirmish With the Boers.

Boers Northeast of Pretoria Are Busy and Telegraph Between Standerton and New Castle is Cut.

Commandant De Wet and Commandant Botha Have Entered into a Compact That Neither Would Surrender—Hittes Given Up.

London, June 28.—Gen. Sir Leslie Rundle had a sharp artillery and rifle skirmish near Senekal Friday with a large force of entrenched Boers. He declined to attack them. This is the only fresh fighting reported.

The Boer outposts northeast of Pretoria are busy. The telegraph wires between Standerton and New Castle were cut Sunday, and Sir Redvers Buller had to report by helicopter.

Commandant De Wet, with 3,000 men and three guns, is moving northeast in the Orange River colony. It is understood that he and Commandant Botha entered into a compact that neither would surrender so long as the other was in the field.

Twelve thousand rifles, all told, have been surrendered to the British. President Kruger is still at Machelong.

The Lourenco Marques correspondent of the Times says: "According to Transvaal allies, the Boers are entrenching in considerable numbers in the Middleburg hills. The Irish, Holland and Italian corps are getting uncontrollable. They are looting stores and farm houses."

"Bar gold is a drug in the local market owing to a suspicion that it is of an inferior quality. A large quantity of stolen gold is said to be smuggled out of the Transvaal."

THOUGHT AN UNWISE MOVE.

St. Louis Manufacturers Not in Favor of Shutting Down Factories to Aid the Boycott.

St. Louis, June 28.—It was reported that offers were making to induce St. Louis manufacturing firms to close their establishments and suspend operations until the boycott on the St. Louis of the American and the American on its lines was declared off. It was said that a representative manufacturer, who had been approached by a committee of citizens and asked to make a canvass of the manufacturers of the city for the purpose of ascertaining whether or not the suggestion of shutting down their factories, instead of improving the situation, he thought it would be made more worse by a general shutdown, which would not only entail great loss on the manufacturers, but would, in addition, impose untold hardships on laboring people generally and would completely paralyze the industries of St. Louis.

Some of the leading manufacturers admitted that they had heard of a suggestion and had given it serious consideration, and all agreed that such a step would be unwise.

FILIPINO LEADERS RELEASED.

They Took the Oath of Allegiance and Renounced All Forms of Revolution.

Manila, June 28.—Nine of the insurgent leaders, including Pío del Pilar, Concepcion, Garcia and Alvarez, were released here upon taking the oath of allegiance to the government and renouncing all forms of revolution. In the Philippines they gathered with making formal acknowledgment of American sovereignty.

This oath is much stronger and more binding than the oath which Gen. Otis administered, and was consequently distasteful to the Filipinos, who accepted it with bad grace, fully realizing the results of any violation.

Senor Buencamino took the oath Monday. It is hoped that the sparing of the nine leaders will influence their men to take advantage of the amnesty which has thus far been without results other than those mentioned.

Minister Violently Insane.

Ononta, N. Y., June 28.—Rev. Dr. Frank C. Chase, of the M. E. church of Danville, N. Y., and assistant editor of the Normal Educator, who has been visiting his mother at Portland, Me., near here, was taken to the Binghamton hospital, violently insane. He had been suffering from nervous prostration for some time. Dr. Chase was formerly pastor of a large Universalist church in Detroit, and later of a Methodist church in Buffalo.

Jeffries Wants to Fight Bullin.

New York, June 28.—James Jeffries, the champion heavyweight pugilist, stated that he will fight Gus Bullin on August 25, provided his (Jeffries') arm, which has been in a plaster cast under treatment since May 27, is in condition at that time. In any event, he will give Bullin the first chance.

Earthquake in Spain.

Madrid, June 28.—Violent earthquake shocks occurred early Tuesday morning in Cordova and Malaga. The inhabitants were rudely awakened and rushed into the streets. The phenomenon lasted seven seconds. At Malaga a few houses were damaged, but there were no serious accidents.

AN INFLOW OF PEOPLE.

Kansas City Already Has the Appearance of a National Convention Gathering.

Kansas City, Mo., June 28.—The city is beginning to take on a gala appearance in anticipation of an early arrival of delegates. A good-sized contingent of eastern newspaper reporters has already arrived, but a general influx of people is not expected until Friday. Ex-Gov. Wm. J. Stone, national committee man for Missouri and vice chairman of the national committee, is expected Friday night, as are other members of the subcommittee, which will hold a meeting on Saturday. James Boyle, district leader of Tammany, will arrive Saturday with about a dozen of his colleagues. They must prepare the way for the Tammany delegation, which will reach Kansas City Monday evening on two special trains.

Sunday the local delegations will begin to arrive. The Pennsylvania delegation, made up of 100 people and the Montana delegation, headed by W. W. Clark, are due Sunday morning, and the Kansas delegation in the evening. On Monday the delegates from Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island, with George F. Williams, of Massachusetts, their vice presidential candidate, will reach the city, and on the same day the California and Missouri delegations will arrive. The greatest rush of delegations will be on Tuesday. Nearly all the states not mentioned are looked to arrive on that day.

A convention innovation, the reading of the declaration of independence from the platform, will be introduced at the first session on July 4, and, according to the present program, the music and decorations of that day will be selected with a particular idea of commemorating the national holiday.

The leaders for the delegates have been received. They are an elaborate affair. There is an ox-bow shield for the pin, below which hangs a banner, and four inches long. The flag is attached a medalion of gold or oxidized silver.

Thomas W. B. Taylor, of New York, who is being honored as vice president on the democratic ticket, and Richard Croker and ex-senator Edmund C. Murphy, of New York, will be at a conference at Lincoln, Neb., with Wm. J. Bryan before they come to Kansas City to attend the national convention. Prior to their coming, who has opened headquarters here for Mr. Sulzer, received a telegram from that gentleman saying he had left New York for Lincoln. Another telegram says Messrs. Croker and Murphy will be in the Nebraska capital on Friday night. Mr. Sulzer hopes to be on the ticket with Mr. Bryan, and it is said the latter expressed a desire to confer with him. Further than this Mr. Price would vouchsafe nothing.

Towne's Nomination Speech.

Dallas, Minn., June 28.—A. J. Irving, chairman of the democratic state central committee and delegate-at-large to the convention at Kansas City, made the speech tonight in the name of Charles A. Towne before the convention as a candidate for vice president. Mr. Towne was informed that he would be nominated to his request to do so. The nomination will be seconded by a number of men prominent in the party from other states.

FIRING WAS HEARD.

Unsatisfactory Information From the Column Going to the Relief of Coimassee.

London, June 28.—The colonial office has received a telegram from Col. Willcocks, dated Prashu, Ashanti, June 28, as follows: "Major Wilkinson reached Belvati on June 19. In response to my telegram to the governor of the Gold Coast Sir Frederic Mitchell Hodgson, at Coimassee, the latter writes June 18, saying he will hold out to June 20. This letter, received by Capt. Hall at Belvati, was forwarded to the governor at Belvati at midnight. June 21, Wilkinson proceeded immediately to Esuama, arriving there at dawn. June 22, after marching through forests of rain.

"Lieut. Burroughs, with about 500 natives, is going north as fast as the roads allow."

"Capt. Hall reports having heard firing by a seven-pounder on the night of June 18—five shots and then five more. The firing was taken to be the signal, and then he heard continued firing."

In view of this information, a fear was expressed that the relief of Sir Frederic Hodgson may not have been able to hold out after June 20, and that the engagement which Capt. Hall heard on the night of June 18, was attended with serious consequences on the part of the governor.

One Body Unidentified.

Atlanta, Ga., June 28.—A body, the identity of which is being sought by the McDonough wreck, is at an undertaking establishment in this city. When it reached Atlanta it was marked Elder W. H. Jones, of the Mormon church in Utah, but nobody claimed it. Mormon elder said the body might be that of Elder Remmon, of Chattanooga, who was the son of a man 15 years old, dark and with brown moustache.

Claim For Damages Withdrawn.

Lima, Peru, June 28.—From reliable information it is learned that the claim for damages against Peru made by Edward Gottfried, formerly United States consular agent at Trujillo, has been withdrawn.

SHORT SPECIALS.

The delegates from Arkansas to the Kansas city convention were instructed for Bryan.

Reports from Dresden say that King Alberto of Saxony is suffering from cancer of the bladder.

The Republicans of the Sixth Pennsylvania district re-nominated Congressman Thomas S. Butler.

The steamer Patricia cleared from New Orleans for Cape Town with 1,000 horses for the British army.

Judge Dorsey W. Shackelford was re-nominated for congress by the democrats of the Eighth Missouri district.

Hon. Rufus E. Lester was re-nominated for his sixth term in congress at the First Georgia district democratic convention.

All the anthracite coal roads have given notice of an advance in the price of coal of 25 cents a ton, east and west, beginning July 2.

WEDNESDAY'S NEWS IN BRIEF.

The Protestant mission at Weih Sin was burned down by the rebels last Monday night.

First Assistant Postmaster General Perry S. Heath, will be reported, tender his resignation in a few days.

A British column under Maj. Maurice and a naval brigade under Commander Crackwood, 500 strong, has arrived at Tien-Tsin.

The transport Logan, having on board the 9th infantry, together with a supply of ammunition and Maxim rapid-fire guns, left Cavite for Che-Foo.

The cruiser Atlanta, at the Brooklyn navy yard, is now about ready for service. It is said that the Atlanta and the Kentucky will be sent to Europe to replace the Maine.

Except for the boycott and 300 extra policemen on duty, but little evidence of the great strike on the St. Louis Transit Co.'s system, inaugurated May 8, remains.

The British foreign office has received a telegram from the British consul at Tien-Tsin saying that the foreign legations June 19 were ordered to leave Peking within 24 hours.

The navy department received a telegram from Adm. Kempf saying that the Peking force and ministers reported with the Peking relief-expedition were stretched over eight miles from Tien-Tsin.

French Ambassador Departs.

Washington, June 28.—M. Cambon, the French ambassador, called upon the president to bid him adieu on the eve of his departure for France. M. Thiebaud, first secretary of the legation, will act as charge during the ambassador's absence.

LOUIS, P. I., May 17, 1900.

A letter from you dated March 24th arrived yesterday. I am sorry that you do not receive one from me often.

For I know how anxious you are, but just think when a letter is 43 days on the way that there is quite a distance gone over and the only wonder is that more are not lost; so please don't forget, mother dear, that while you are reading this one that there are several more on their way to the Pacific traveling just as fast.

Uncle Sam's fine steamers can carry them to the States.

As to our present duties, I will say the rainy season is commencing and we are liable to have little scraps with the Ladrones at any time.

Our detachment was relieved from Sandom by Lieutenant Claxton, with Sergeants McDonald and Lloyd and their sections, now have camp there. A message from Aguana sent here yesterday, that a band of 100 men was lurking near, Lieutenant took a squad and went out the road toward Aguana. I was with a squad went out across some rice fields. I started out at about 3 p. m. A squad went after me about a little band of the Ladrones. I captured 4 of them, with 3 horses and 1 bolo. It was raining hard, so we then came back. We still have the prisoners in the Guadalupe. Lieutenant did not find any.

The Ladrones are not apt to be found on the roads. They skulk in the swamps and bushes.

We were issued cork helmets a few days ago. They look something like a policeman's cap, and are very useful.

We were issued cork helmets a few days ago. They look something like a policeman's cap, and are very useful.

I hope your next letter will contain something definite about the desperate state of affairs in Kentucky.

Don't forget the Ladrones.

With much love, I am as ever, your devoted soldier boy.

RULE OF THE RING!

POWERS OF THE BOARD.

How the Triumvirate Can Dictate Elections in Kentucky.

Lexington Evening Post.

Judge Lewis and other Goebellies are telling the people that the Goebel Law and the State Election Commission have nothing to do with the contests for Governor and Lieutenant-Governor.

In part this statement is true, but it should be remembered that every member of our Legislature, before which these contests come, is dependent upon the Goebellie County Election Commissioners for their certificate of election, and we recall a number of instances in which trickery in legislative races was resorted to by these officers.

The County Commissioners are mere creatures of the triumvirate at Frankfort, and as South Trimble puts it, are often "expected to do things no honorable man would do." They are removed at will if they refuse to obey orders, and it is an easy matter for the State Board to appoint only fit men for these offices, and when the makeup of the Legislature is in doubt it is in their power to have the credentials issued as desired.

With a majority thus secured, the Triumvirate cannot only dictate as to the officers, but can in reality decide who is to be Governor and Lieutenant-Governor.

The State Board at Frankfort cannot only decide the Governorship and Lieutenant-Governorship, but it can, by

James Thomas, colored, has been granted a divorce from Gertie Thomas.

Mr. W. S. Whelan, Cashier of the First National Bank of Waterloo, Iowa, in a recent letter gives some experience with a carpenter in his employ, who will be of use to other mechanics. He says: "I had a carpenter working for me who was allowed to sleep over several days on account of being troubled with diarrhea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from a drug store and informed me that one dose cured him and he began at his work." For sale by J. Jas. Wood & Son, Druggists.

A pretended reformation of the law as a vote-catcher will prove very poor bait in Kentucky this fall.

MOST AMERICAN CITY.

Philadelphia the Only Distinctively American City in America.

The foreigners clinging to the great cities, though in none of them do they outnumber the natives. In New York, however, and some other of the larger cities, the foreigners and those of foreign parents unquestionably outnumber those of American parents of two generations' standing. Here is a table of natives and foreigners in some of the cities in 1890:

	Native.	Foreign.
New York	525,305	450,049
Chicago	280,144	219,049
Philadelphia	77,484	205,480
Brooklyn	544,043	21,700
St. Louis	114,270	114,270
Boston	200,305	18,712
Hartford	200,305	60,000
San Francisco	172,176	128,112
Cincinnati	225,000	71,400

This shows that the cities of the first class Philadelphia is the most American, while New York and Chicago run a close second each other as to which is the most foreign.

For two years In W. Kelley of Mansfield, Pa., was in poor health on account of indigestion. He consulted every doctor and spent considerable money for medicine, but without obtaining any relief. He tried F. J. Kelley's Kidney Cure, and now writes: "I desire to state to all that it has been the cause of aiding others."

political manipulations, choose as our judges men of its own selection. It has only to dictate the nominations and its creatures do the rest, regardless of the votes cast. Kentucky is a mere handball for these gentlemen to play with. They dictate our nominations, name our election officers, count in their own friends and count out their political enemies with consummate contempt for the voters.

Yet this is the law that Mr. Blackbird would have amended so as to give the Republicans a minority on the county boards, and would also do away with the party emblem. This proposed reformation of the law by abolishing the device is an effort to disfranchise a part of the rightful voters and an attempt to make voting slow and confusing, and to take the counting of the votes, first by the county officers and then by the canvassing boards, so interminable and involved that it will leave the result of the elections in Kentucky absolutely under the control of the State Board and its creatures.

The announcement yesterday that the Democratic Convention at Lexington will demand that Mr. Beckham call the Legislature together and pass the amended bill is pleasant reading, but the people of Kentucky will have to see the Democrats do all this before they will believe one word of it. They have had two years of the Goebel Law and its workings, and never yet has any pledge of the Goebellies been carried out.

A pretended reformation of the law as a vote-catcher will prove very poor bait in Kentucky this fall.
